Dear Mr Muffit

Thank you for your very kind donation of £345.37 collected at a Carol Service to Northern Ireland Hospice. As a local charity, your support is very important to us and we are very grateful for it. It is because of the support of organisations like yours that we are able to continue providing hospice care to adults, children and young people with life-threatening illnesses in your community.

There is an ever increasing need for hospice care both in the community and in Hospice itself and not just for people with cancer but for people with non-malignant conditions as well. Your gift will ensure that our services can continue in response to these needs. Our aim at Northern Ireland Hospice is to provide the best possible care for our patients and their families however, whenever and wherever they need it. But we can't do this on our own and we rely heavily each year on voluntary donations and legacies to survive.

Despite the current economic climate, hospice care must continue for those that need it and there is no doubt that Northern Ireland Hospice is here today because the local community want it and are prepared to support it.

Thank you so much again. I hope we can rely on your continued support in the New Year.

Yours sincerely

Siofra Healy
Fundraising & Marketing Manager

P.S. We hope you like our new logo and although we've changed how we look, who we are and what we stand for remain the same.

Every gift in every will makes a real difference!
